

## **Fine Tubes Expands Operations in India**

03 February 2011

Fine Tubes have continued their investment in India with the opening of a regional sales office in Delhi. Mr Gagan Sood, regional business development executive has been welcomed to the new premises and is optimistic about the prospects for continued growth.

"With India having strong and growing demands for many of Fine Tube's high specification products associated with nuclear, aerospace and oil and gas markets it is exciting to have this increased facility to ensure we can provide high levels of customer service," he said.

Gagan Sood and our Delhi office can be contacted on:
